- Section 1: Logging In
- Section 2: Responding to Sales and Group Tour Leads

Section 1: Logging In

Logging In:

1. You will be sent an email from Explore Asheville with the log-in link and a temporary password.
2. Click on the link (<https://asheville.extranet.simpleviewcrm.com/login>), which will take you to an *Asheville CVB Member Login* screen.
3. Your username is your full e-mail address.
4. Your password is a temporary password that was e-mailed to you.
5. Upon logging in with your temporary password, **you will be prompted to change your password to one of your preference.**
6. If you ever have problems getting into your account, contact Explore Asheville. We can look up your password or reset it and have a new one generated to you.

Section 2: Responding to Sales and Group Tour Leads

There are two types of contacts that can respond and view EA CVB sales leads:

- a. **Sales Lead Catcher** – receives sales lead notifications from EA and can view/respond/assign ALL sales leads. Typically, this is a Director of Sales, General Manager or an Administrative Assistant. More than one person at a property can be the Sales Lead Catcher if necessary.
- b. **Sales Contact** – assigned sales leads from the Sales Lead Catcher and can view/respond to *only* those leads assigned to them. Typically, this is a Sales Manager at a property.

Receiving and Viewing List of Leads:

1. You will receive a notification email indicating there is a new sales lead to review on the Extranet. There will also be emails for Definite, Lost and Cancelled leads.
2. Login at <https://asheville.extranet.simpleviewcrm.com/login> and use your email as your username and the password you have chosen. Need help? Contact Explore Asheville.
 - a. Once you are logged in, click on the *Opportunities* tab on the left menu.
 - b. Then click *RFPs*.

3. Please note: If you have additional permissions, you will be able to view and edit your organization's listing information, coupons & packages, and submit events under the *Collateral* tab on the left menu. If you do not see these sections under *Collateral* and you are the one responsible for listing updates, please contact Explore Asheville.

 - a. Once you have changed these settings to those which are most helpful for you, click *Apply Changes*. These changes will remain in place the next time you log in.
 - b. If you ever want to revert to the default settings, click *Reset* then choose *Filters Only* or *Columns Only* or *Reset All*.
6. Property Lead Status Definitions:

Reviewing a Lead:

2. All of the lead Information including Meeting Dates, Rooms Summary, Responses, History/Futures, Room Data, and General will be displayed.
3. If the lead has an attached RFP, it will be located in a field titled *Meeting Specs*. Simply click the file name to open/download it.

Responding to a Lead:

1. If the meeting planner requests that all responses come through Explore Asheville, there will be no contact information for the planner. You are required to respond in the Extranet and an Explore Asheville Sales Manager will compile responses and send to the meeting planner as a bundled response.
2. If there is meeting planner contact information, *you are still required to respond in the Extranet in addition to the meeting planner directly through your email.*
